

## THE UNVEILING OF REPPORTS DE PHARMACY (RP)

### Dear Professionals colleagues, Scientist and fellow researcher,

Dear Professionals colleagues, Scientist and fellow researcher, It's my pleasure to introduce the first issue of 'Repports De Pharmacy' (RP) - an official journal of pharm trend publisher. RP is an international, peer-reviewed, open access, online journal that publishes research articles, review articles, pharmaceuticals, nanotechnology, novel drug delivery systems, qualitycontrol,quality assurance, international regulatory, validation techniques, industrial pharmacy, biotechnology, bioinformatics, proteomics, biochemistry, pharmacognosy, herbal technology, phytochemistry, pharmaceutical analysis, PK/PD,chiral chemistry,synthetic chemistry,drug development, pharmacology toxicology, pharmacy practice, pharmacoinformatics, clinical pharmacy, pharmacogenomics, pharmaceutical engineering. The official website is <http://www.pharmreports.com> and submit your manuscript along with your cover letter as an attachment file to [editorjrp@gmail.com](mailto:editorjrp@gmail.com).

The main objective of introducing RP to the scientific society is to provide a rapid publication platform to the researchers for their scientific research with international standards. RP will consider study findings as results to be published without publication and editor bias. The submissions will be accessed by one of the editorial board members of the journal, two potential reviewers and the final decision will be provided 30 days after first submission.

The accepted articles will be published in one of the upcoming RP issues. Four issues of RP will be published per year viz., Jan–Mar, Apr–Jun, Jul–Sep and Oct–Dec.

We welcome your submissions and suggestions. Members of the editorial team and myself will be happy to discuss the progress and vision of the journal for the future. Thank you

With regards,

The editor,  
Repports De Pharmacy,  
Email: [editorjrp@gmail.com](mailto:editorjrp@gmail.com).
